Dear Devendra Dubey,

On behalf of the faculty, the Admissions Committee, and the entire academic community of **The University of Chicago**, it is my absolute pleasure and distinct honor to offer you admission to the **Doctor of Philosophy (Ph.D.) degree program in Chemistry** beginning in the **Autumn Quarter 2027**.

Admission to the University of Chicago is among the most competitive in the world, extended only to scholars of uncommon intellect, purpose, and originality. Among thousands of exceptional candidates from across the globe, your dossier stood out for its profound scientific maturity and rigorous analytical capability. The admissions committee was deeply impressed by your academic record at the **Indian Institute of Technology Gandhinagar (IITGN)**, your first-class honors, and the stellar commendations provided by your faculty referees.

In particular, our faculty selection panel and **Professor Alex (Alexander Q.) Cusumano** conducted an exhaustive review of your research portfolio, specifically commending your **editor-led computational research project and software architectures**. Professor Cusumano praised the technical elegance, algorithmic depth, and creative execution demonstrated throughout your work. Reflecting this high praise, **Professor Alex Cusumano has officially accepted you into the Cusumano Research Group in the Searle Chemistry Laboratories** as your designated Faculty Research Advisor.

At Chicago, we are committed to ensuring that every doctoral scholar is fully supported throughout their scholarly journey. I am delighted to confirm that you have been awarded a **100% fully funded doctoral fellowship package**, guaranteeing full tuition remission ($20,000 per semester), complete individual U-SHIP health coverage, and an annual living stipend of $36,000 ($3,000 per month). Comprehensive details of your fellowship, departmental placement, and seat locking guarantee are detailed in the enclosed departmental dossier.

UChicago is an environment where foundational questions are asked and transformative ideas are born. We know that your scholarly voice and drive will make lasting contributions to our university and the field of chemical sciences. Please accept our warmest congratulations and our enthusiastic welcome to Hyde Park.

Kind regards,

James G. Nondorf

FACULTY SPONSORSHIP & LABORATORY PLACEMENT DOSSIER
Candidate: **Devendra Dubey** | Degree: **Ph.D. in Chemistry** | Term: **Autumn Quarter 2027**
Applicant ID: **UC-2027-89321** | UCID: **12489321** | Ref: **UCHI-PSD-CHEM-OFFER-2027-89321**

Dear Devendra,

On behalf of the Graduate Faculty of the Department of Chemistry and the Division of the Physical Sciences at **The University of Chicago**, I am delighted to welcome you to our department. Following your official university admission by Dean James G. Nondorf, this departmental communication confirms your formal faculty sponsorship, laboratory assignment, and doctoral research placement beginning in the **Autumn Quarter 2027**.

Admission to doctoral study in the Department of Chemistry is granted only to individuals demonstrating extraordinary intellectual independence, analytical rigor, and research potential. Your master's achievements at the **Indian Institute of Technology Gandhinagar (IITGN)**, distinguished by first-class honors and highest commendations from your faculty referees, placed your application at the very forefront of our international admissions pool.

FACULTY COMMENDATION & LABORATORY ACCEPTANCE

The Admissions Committee and Faculty Selection Panel conducted a comprehensive evaluation of your research portfolio, specifically reviewing your **editor-led computational research project and software architectures**. **Professor Alex (Alexander Q.) Cusumano**, Assistant Professor of Chemistry (Computational & Theoretical Chemistry, Molecular Dynamics, Catalysis), was extraordinarily impressed by the technical depth, algorithmic rigor, and creative methodological execution demonstrated across your editor-led project.

Reflecting this exceptional commendation, **Professor Alex Cusumano has officially accepted you into the Cusumano Research Group in the Searle Chemistry Laboratories as your designated Faculty Research Advisor**. Both Professor Cusumano and our faculty look forward to mentoring you as you advance groundbreaking investigations in computational chemistry and reaction catalysis.

Faculty Research Advisor:	Prof. Alex (Alexander Q.) Cusumano, Ph.D. — Assistant Professor of Chemistry
Designated Research Group:	The Cusumano Research Group • Computational & Theoretical Chemistry Laboratory
Primary Laboratory Facility:	Searle Chemistry Laboratories, Suite 214–220, 5735 S. Ellis Ave, Chicago, IL 60637
Doctoral Research Focus:	Computational Catalysis, Molecular Dynamics Simulations & Algorithmic Chemical Modeling

OFFICIAL DEPARTMENTAL ENDORSEMENT & FACULTY PLACEMENT RECORD
This laboratory placement and faculty sponsorship dossier has been formally approved and certified by the Department of Chemistry Graduate Admissions Committee and the Cusumano Research Group. All supervisory allocations, computational laboratory resources, and doctoral workspace provisions are formally ratified and incorporated into the institutional admission credential issued under the authority of Dean James G. Nondorf.
